

SAVE THE MARY RIVER

What are the real costs of the proposed Traveston Crossing Dam?

An information evening to make common cause between the people of Brisbane and the residents of the Mary Valley. Come along and find out the reasons why the proposed Traveston Crossing Dam on the Mary River is not in the best interests of the people of Brisbane or those of the Mary Valley.

SAVING MARY EVENING

**Brisbane Workers Community Centre 2 LaTrobe Tce,
Paddington (enter from Given Tce) Thursday December 6.**
Meet at 6.30pm for a 7pm start.

- *Come along and see footage of the scenery and location.*
- *Meet affected residents from the Mary Valley.*

Find out

- Why the Traveston Crossing Dam Project on the Mary River will not solve Brisbane's water shortage.
- Why the construction of a dam at Traveston Crossing could jeopardize Brisbane's future food security.
- Why the long-term financial consequences could be extremely costly to Queensland's tax-payers
- How the project would lead to the irreparable damage to an area of outstanding biodiversity value.

Watch a PowerPoint presentation and have the opportunity for discussion.

Find out how you can help.

Please tell your friends!!! Gold coin donation entry.
